TO: The Honorable Board of Police Commissioners

FROM: Chief of Police

SUBJECT: UNIVERSITY OF CALIFORNIA LOS ANGELES CAMPUS PROTEST
AFTER-ACTION REPORT

RECOMMENDED ACTION

- I. That the Board of Police Commissioners REVIEW and APPROVE the attached After-Action Report.
- II. That the Board of Police Commissioners TRANSMIT the After-Action Reports to the City Council in response to Council File No. 24-0537.

DISCUSSION

On June 4, 2024, the City Council adopted the attached Public Safety Committee report instructing the Los Angeles Police Department to report to the City Council on its response to the college campus protests at the University of California Los Angeles (UCLA) between April 24, 2024, and May 6, 2024. Attached is the After-Action Report for the response to the campus.

If additional information regarding this report is required, please contact Lizabeth Rhodes, Director, Office of Constitutional Policing and Policy, at (213) 486-8730.

Respectfully,

DOMINIC H. CHOI
Chief of Police

A Review of the Los Angeles Police Department's response to protests at the University of California, Los Angeles between April 25, 2024, and May 7, 2024

INTRODUCTION

The Los Angeles Police Department (LAPD or Department) completes After-Action Reports (AARs) for all Unusual Occurrences (UOs) requiring an Event or Incident Action Plan or resulting in a Tactical Alert.¹ Per the Department's Emergency Operations Guide, AARs are "used for analysis and consideration in the development of planning and training for the control of future UOs." Additionally, an AAR "documents the activities of the Department in controlling an Unusual Occurrence (UO), and provides a vehicle for evaluating Department policy, procedures, and performance during the UO."

This AAR analyzes and critiques the LAPD's response to the protests at the University of California Los Angeles (UCLA) campus in the Spring of 2024. It is intended to assess the response of LAPD personnel only, and is not intended as a critique of or comment on the actions of outside law enforcement agencies. The investigation into LAPD's response revealed LAPD had a limited role in the events on campus. Although there were minor uses of force by LAPD personnel, in general the LAPD's role was to support UCLA Police Department (UCLAPD) and provide for the personal safety and security of the UCLAPD and California Highway Patrol (CHP) around the perimeter of the protests.

In composing this AAR, outreach was conducted to the other agencies involved. However, due to other agencies conducting their own assessments of this event, cooperation and exchange of information was, at times, limited. This resulted in some holes in the timeline and descriptions of what occurred since LAPD was not able to obtain all information related to these events.

BACKGROUND

On October 7, 2023, military action erupted in the Gaza Strip between Palestine and Israel. Thereafter, protests and gatherings of supporters for both sides have sprouted up around the United States particularly on the campuses of colleges and universities – both public and private. At the end of April 2024, these gatherings began at the campus of UCLA, part of the University of California system, governed by a President and Board of Regents in Northern California.

While UCLA rests in the City of Los Angeles, the UCLA campus is policed by the UCLAPD. The UCLAPD has the primary responsibility to respond to crimes and incidents on the campus. The LAPD patrols the surrounding areas but generally does not respond to events on the UCLA campus.

The Department and UCLAPD have a Memorandum of Agreement (MOA) that outlines the relationship of the two organizations (See Addendum 1). The section of the MOA that covers public demonstrations states:

¹ Per the LAPD Emergency Operations Guide, Volume 1, a Tactical Alert "is the preliminary stage of the Department Mobilization Plan for Unusual Occurrences (UOs). It provides for the controlled redistribution of on duty personnel to achieve the personnel level necessary for control of a major police incident."

“The UCLAPD will have the primary responsibility for handling all demonstrations that occur on University Property. The LAPD personnel will respond to assist UCLAPD only when requested by the UCLA Chief of Police or his/her representative.”

The section of the MOA that addresses how requests for assistance are to be made states:

“A request for assistance shall be made through presently established radio and telephone communication procedures. Receipt of a request for assistance shall be immediately acknowledged.”

Additionally, separate from this MOA, UCLA distanced itself from LAPD in the wake of the 2020 “Defund the Police” movement. The UCLA Chancellor (Gene Block) and Vice Chancellors (Emily Carter, Michael Beck, and Jerry Kang) released a statement on June 4, 2020, stating:

“We have already instructed the LAPD that it may not use any property UCLA owns or leases for the purpose of processing arrests and staging until the task force² confronts the hard questions, such as, ‘In what situations, if any, should we permit nearby police departments to ever use our property in response to protests?’”

By July 7, 2021, UCLA was still concerned about the LAPD’s use of the Jackie Robinson Stadium parking lot during the protests in the summer of 2020 and hired Guidepost Solutions LLC to review what led to the LAPD using the Stadium parking lot. In the fall of 2021, the University of California released a new Community Safety Plan that states:

“The University will reinforce existing guidelines that minimize police presence at protests, follow de-escalation methods in the event of violence and seek non-urgent mutual aid first from UC campuses before calling outside law enforcement agencies.”

On March 11, 2022, UCLA received the Guidepost investigation that included the recommendation to update the MOA to “include a section on the Use of UCLA Property.” This recommendation has not been implemented.

The task force report did not come out until May 10, 2022, and it did not directly address when UCLA should permit outside agencies to use their property. It did include a recommendation to ensure partner organizations respect UCLA’s values stating:

“We recommend that the Chancellor’s Office meet with the leadership of the VA [Veterans Affairs], the LAPD, and other public safety partners (including federal law enforcement), to express to them UCLA’s core values and expectations, including the treatment of peaceful protestors on or near UCLA’s campus and the nonnegotiable requirement that they treat the Bruin community with dignity and respect.”

Additionally, LAPD personnel were discouraged from spending any time providing extra patrol on campus as directed by Vice Chancellor Michael Beck and communicated by UCLAPD Chief

² In the same statement, UCLA stated they will establish a task force “on structural racism, which will include students, faculty, staff, and members of the broader community.”

Tony Lee. While UCLA's responses and recommendations from the Guidepost investigation have not yet been implemented, we initiated a review of the MOA with UCLA shortly after the incidents discussed in this report occurred.

KEY PERSONNEL

The main law enforcement personnel that are referenced in this report are as follows:

Chief John Thomas, UCLAPD

Chief Dominic H. Choi, LAPD

Deputy Chief Gerald Woodyard, Acting Director, Office of Operations, LAPD

Deputy Chief T. Scott Harrelson, Chief of Staff, LAPD

Commander Steven Lurie, Operations-West Bureau, LAPD

Commander Jonathan Tom, Operations-West Bureau, LAPD

Commander Bryan Lium, Assistant to the Director, Office of Operations, LAPD

Assistant Chief Joseph Everett, Los Angeles Fire Department (LAFD)

Captain Alisha Jordan, West Los Angeles Patrol, LAPD

Captain Dennis Ford, CHP

Lieutenant Isaac Koh, UCLAPD

Lieutenant Calvin You, LAPD

Lieutenant Richard Davis, UCLAPD

Lieutenant Jeff Day, LAPD

SUMMARY OF EVENTS³

April 25, 2024

A group of pro-Palestinian protestors set up an encampment on the UCLA campus in front of Royce Hall. The encampment began with approximately 50 protestors. The protestors fortified an area in front of Royce Hall with wooden pallets. The wooden pallets then formed 8-foot walls that the protestors secured to the sidewalks. Inside the walls, the protestors set up tents (See Addendum 2 for a map of the area). This created visibility issues for the events occurring inside the encampment. The protestors established a check-in system to monitor, grant, and deny access to the area. They had electricity via generators and access to UCLA restroom facilities.

³ A detailed chronology is attached as Addendum 3.

The area was referred to by the protestors as the Gaza Solidarity Zone (the Zone). No issues are reported to LAPD.

April 26, 2024

The encampment remains set up on campus and it is discovered that a planned counter-protest will occur on April 28, 2024, to include members from the Israeli American Council.

April 27, 2024

The encampment remains set up on campus and LAPD stages one sergeant and four officers to be prepared to respond if needed.

April 28, 2024

The encampment grows to approximately 150 tents and 400 to 500 protesters. The UCLAPD use metal racks to contain and protect the Zone encampment and designate another area for counter-protesters. At approximately 10:30 a.m., the counter-protestors begin to arrive. By 10:41 a.m. calls for service from community members begin to come in regarding the protestors and counter-protestors clashing. Approximately 10 calls from community members are generated during the day related to the protest. While a small group of LAPD personnel are on campus and available to assist UCLAPD if needed, LAPD remains uninvolved in the protest. By 3:13 p.m., UCLAPD, Beverly Hills Police Department, Culver City Police Department, and Santa Monica Police Department clear the counter-protestors from the other areas on campus and the Zone encampment remains.

April 29, 2024

The encampment remains on campus and no issues arise until close to midnight. At 11:49 p.m., UCLAPD requests assistance from LAPD. Units from LAPD are dispatched and begin to arrive at UCLA at 12:11 a.m. However, at 12:16 a.m., UCLAPD cancels the request for LAPD personnel. Shortly after that, all LAPD units leave the campus.

April 30, 2024

During the day, Chief Choi directs Commander Lurie to assemble resources to provide extra patrol around the UCLA campus as discussed with Chief Thomas to help make the community around the UCLA campus feel safe. At 6:27 p.m., the first community member calls LAPD Communications Division to report violence on the campus and the information is given to UCLAPD to handle. At approximately 11:00 p.m., 911 calls from the community related to the protest begin to pick up. At 11:07 p.m., Commander Lurie receives information from Chief Thomas and Lieutenant Chobanian about UCLAPD being overwhelmed by the crowd; however, it is not until 11:31 p.m. that UCLAPD requests mutual aid through Communications Division.

Between 6:27 p.m. and midnight, 19 community member 911 calls were received by LAPD Communications Division related to violence or fireworks on campus; however, some of those were placed by community members that were watching the events on television or social media.

May 1, 2024

By 12:11 a.m. the first mutual aid units arrive on campus. At 1:14 a.m., Commander Lurie arrives on campus and begins coordinating with CHP and UCLAPD on a plan to break up the clashing protestors. By 1:41 a.m., three Mobile Field Force (MFF) squads were assembled with officers from CHP and LAPD. By 1:44 a.m., the MFF squads meet the protestors and begin to separate the pro-Palestinian and pro-Israeli crowds near the flagpole; however, they take no further action to clear the crowds because they are coordinating a plan and waiting for more resources to arrive. The squads remain at the flagpole for approximately one-hour. Basic crowd control tactics dictate that entering a crowd without enough resources to make arrests, properly secure critical points, and avoid being overwhelmed by the crowd is dangerous for the public and officers. Therefore, it was imperative that sufficient personnel were assembled prior to further entry into the crowd.

By 1:51 a.m., an additional 21 calls from community members were received by LAPD Communications Division (at least seven of which were placed by community members who were watching the events on television or social media).

At 2:43 a.m., the CHP began to clear the rest of the Royce Hall courtyard near the encampment since more officers continued to arrive. By 3:48 a.m., the courtyard was cleared of protestors, but the encampment was allowed to remain.

Throughout the rest of the day and afternoon, planning meetings take place to discuss the dismantling of the encampment with LAPD, UCLAPD, CHP, LASD, Beverly Hills Police Department, Santa Monica Police Department, and Culver City Police Department. It is determined that CHP would handle the dismantling of the encampment and arrests of those refusing to disperse. The Los Angeles County Sheriff's Department (LASD) would handle transportation and booking of arrestees. The LAPD would handle the perimeter around the encampment to protect the CHP from outside threats. The UCLAPD would be the arresting entity and would assist with the booking of arrestees. All the while, the encampment continues to grow. By 5:00 p.m., an LAPD Air Unit estimates the encampment contains 400 people and 200 people are outside the encampment.

At 5:49 p.m., the first dispersal order is played using a UCLA long-range acoustic device (LRAD). The same dispersal order is played approximately every 15 minutes until almost 10:00 p.m. At 7:25 p.m., Commander Lurie calls for a Citywide Tactical Alert. The 911 calls from the community begin to pick up, and between 8:13 p.m. to 8:49 p.m. four calls are received regarding the protests. By 9:56 p.m., there are 1,000 protestors at the flagpole and the dispersal orders have stopped.

May 2, 2024

The number of protestors begins to grow and some begin running around the campus attempting to enter buildings and climbing scaffolding. Personnel from LAPD are still staged at the perimeter where UCLAPD set up bike racks on April 28, 2024. They continue to perform the task of monitoring the perimeter of the encampment. Dispersal orders begin again at 12:30 a.m.

and are given approximately every 15 minutes. By 1:33 a.m., LAPD squads who are in place waiting for CHP to begin dismantling the encampment, are having bottles thrown at them and protestors are attempting to break down the bike racks. As squads of LAPD try to relocate after being surrounded by protestors, they are involved in several uses of force. The CHP does not begin to clear the encampment until approximately 2:42 a.m.

By 3:42 a.m., after the CHP uses flashbangs to clear the area near the flagpole, 70 people are arrested at that time. By 4:06 a.m., the CHP has torn down the barricades around the encampment and about 300 protestors form a human wall. By 4:45 a.m., UCLAPD reports that protestors are beginning to leave. Throughout the rest of the morning, MFF squads comprised of at least CHP and LAPD personnel are working to clear smaller groups of protestors that gather in various areas around the campus.

By 7:45 a.m., protestors have arrived to protest outside the Metropolitan Detention Center (MDC) where arrested protestors have been brought for processing and booking. An MFF squad is sent to provide protection around MDC.

Between 8:00 and 8:20 a.m., an LAPD MFF walks the UCLA quad area to remove any remaining pedestrians. At 8:47 a.m., the total arrest update is reported to the command post as 209 people arrested. By 2:21 p.m., the encampment location is completely cleared of belongings.

Into the evening, a small group of protestors return to UCLA to inquire about their belongings and a few protestors report that a large group may return. By 11:45 p.m., all arrested protestors were processed at MDC and released.

May 3, 2024

By 1:00 a.m., all protestors outside of MDC leave the location. On the UCLA campus, the only activity was four people near Janns Steps at 3:05 a.m. and the arrival of approximately 20 media vans.

Throughout the day, LAPD continued to provide extra patrol with officers walking around the quad area of the UCLA campus. At 6:00 p.m., since there is no activity on campus, a joint decision by LAPD, LASD, UCLAPD, and CHP is made to release all personnel back to their regular assignments. Commander Lurie recommended the release of LAPD personnel to Chief Choi who concurred.

May 6, 2024

At approximately 7:00 a.m., UCLAPD advises LAPD of new protest activity on the UCLA campus. Chief Choi authorizes an overtime detail of one supervisor and ten officers to provide extra patrol around the campus. Approximately 60 to 100 protestors are gathered on the UCLA campus near the Moore building. The UCLAPD and LASD are directly handling the protest while LAPD personnel are assigned to perimeter security and assist as needed. Approximately

44 protestors are arrested by UCLAPD and LASD. The arrestees are taken to Valley Jail Section in Van Nuys Division for booking and LAPD assists with the booking process.⁴

Throughout the day and into the night, LAPD personnel remain on campus to provide extra patrol.

May 7, 2024

Extra patrol in the area around the campus is continuously provided by LAPD personnel until approximately 5:20 p.m.

CRIMES

All crimes reported by community members were reported to and are being investigated by UCLAPD. The Department has loaned one detective from West Los Angeles Division to assist in the investigation of the crimes that occurred during this period.

One LAPD crime report was completed for a battery on a police officer. The report involved LAPD officers. One officer was pushed and the second officer was poked in the eye when trying to arrest that same protestor. During the detainment of the protestor, the same officer that was poked in the eye also sustained an injury to this right hip and ankle.

ARRESTS

There were no arrests made by LAPD personnel, however, arrestees were booked at LAPD facilities. On May 2, 2024, a total of 71 arrestees⁵ were booked at LAPD facilities for Penal Code Section 409.⁶ Since they were all arrested for a misdemeanor crime and the offending conduct was likely to continue if released in the field, they were all transported to MDC. After booking, they were all released and given a citation.

Additionally, on May 2, 2024, one male was detained by LAPD personnel for battery on a peace officer. The male was released at the direction of Captain Jordan in order for the squad to

⁴ The location the arrestees were taken to changed from the previous day of arrests at the direction of the Commanding Officers of Support Services Group and Custody Services Division. On May 2, 2024, for ease of transportation all arrestees were taken downtown since some were booked at the LASD facility downtown. On May 6, 2024, all arrestees were taken to Valley Jail Section since that is the normal jail used for arrests on the UCLA campus.

⁵ The command post reported that 209 total people were arrested for Penal Code Section 409, but that includes people booked at other locations (including the LASD's Inmate Reception Center (IRC)).

⁶ California Penal Code Section 409 states, "Every person remaining present at the place of any riot, rout, or unlawful assembly, after the same has been lawfully warned to disperse, except public officers and persons assisting them in attempting to disperse the same, is guilty of a misdemeanor."

maintain MFF responsibilities, avoid lynching attempts, and inability to ensure security of the male due to the active protest.

A total of 41 arrestees were booked at LAPD facilities on May 6, 2024, for Penal Code Section 182(a)(1).⁷ One arrestee was booked on May 6, 2024, for Penal Code Section 148(a)(1).⁸ They were all released after booking and given a citation. Two other people were detained and released without booking or a citation (one for Penal Code Section 148(a)(1) and one for Penal Code Section 182(a)(1)).

USES OF FORCE

While LAPD had a minor role in the dismantling of the encampment, the below uses of force were reported by LAPD personnel. All uses of force occurred on the morning of May 2, 2024.

1. At approximately 1:53 a.m., one 40mm Less Lethal Launcher round was deployed on a male that was shoving officers on a staircase. The male was struck with the round in the left thigh and fled the location.
2. At approximately 1:53 a.m., a violent female protestor refusing to back away from the skirmish line was struck with a baton. The female retreated into the crowd and was unable to be located afterwards.
3. At approximately 1:53 a.m., officers were confronted by a violent male and one 40mm Less-Lethal Launcher round was deployed striking the male in an unknown location. The male attempted to fight officers, backed into the crowd, and was not located afterwards.
4. At approximately 1:54 a.m., officers used a team takedown on a male suspect that pushed and removed the helmet of an officer. During the takedown, one officer was injured. The male was detained but then released due to limited resources and a battery report was completed.
5. At approximately 1:55 a.m., officers were confronted by a violent male and one 40mm Less-Lethal Launcher round was deployed striking the male. The male threw bottles at officers, backed into the crowd, and was not located afterwards.
6. At approximately 3:27 a.m., one 40mm Less-Lethal Launcher round was deployed on a male that threw a traffic cone at officers. He was hit in the navel area and fled into the crowd.

⁷ California Penal Code Section 182(a)(1) states, "If two or more persons conspire to commit any crime."

⁸ California Penal Code Section 148(a)(1) states, "Every person who willfully resists, delays, or obstructs any public officer, peace officer, or an emergency medical technician, as defined in Division 2.5 (commencing with Section 1797) of the Health and Safety Code, in the discharge or attempt to discharge any duty of his or her office or employment, when no other punishment is prescribed, shall be punished by a fine not exceeding one thousand dollars (\$1,000), or by imprisonment in a county jail not to exceed one year, or by both that fine and imprisonment."

PERSONNEL

The following is a summary of personnel used each operational period. “A Watch” operating hours are generally 6:00 a.m. to 6:00 p.m., and “B Watch” operating hours are generally 6:00 p.m. to 6:00 a.m. Actual working hours vary for each MFF squad.

Prior to these events scaling into a large law enforcement response, the following personnel responded to the campus:

- April 27, 2024 – B Watch – Chief Choi approves two MFF squads to stand by near UCLA. One sergeant and four officers from West Los Angeles Division were placed on standby to monitor the protests.
- April 28, 2024 – A Watch – One sergeant and eight officers were assigned during the day to monitor the protests.
- April 28, 2024 – B Watch – No LAPD units assigned to UCLA incident during the night.
- April 29, 2024 – A Watch – No LAPD units assigned to UCLA incident during the day.
- April 29, 2024 – B Watch – Two sergeants and four officers were assigned in response to UCLAPD’s request for assistance. They responded and UCLA cancelled the request approximately 27 minutes after the initial request.

The first table is what was captured in the online Incident Command System (ICS) 211 Operating System:

	4/30/2024		5/1/2024		5/2/2024		5/3/2024	5/6/2024		5/7/2024

Discrepancies exist due to data entry errors on the physical forms and entry into the online system. However, they generally match and demonstrate the amount of personnel that LAPD used for these events.

Dates that are skipped in the previous tables did not have any LAPD units assigned to the UCLA campus on those shifts:

- May 3, 2024 – B Watch – No LAPD units assigned to UCLA incident during the night.
- May 4, 2024 – A Watch – No LAPD units assigned to UCLA incident during the day.
- May 4, 2024 – B Watch – No LAPD units assigned to UCLA incident during the night.
- May 5, 2024 – A Watch – No LAPD units assigned to UCLA incident during the day.
- May 5, 2024 – B Watch – No LAPD units assigned to UCLA incident during the night.

RECOMMENDATIONS

One of the LAPD's core values is "quality through continuous improvement." A review of the events surrounding the protests at UCLA in April and May 2024 allow the Department to learn and grow; not only in evaluating its own tactics but also in evaluating the role it plays in the southern California area at large. For that reason, the review of this incident has led to the following recommendations⁹ for LAPD and lessons for future responses:

A. Interagency Cooperation and Significant Events especially at UCLA

1. The LAPD, UCLAPD, and other southern California law enforcement agencies should establish procedures to allow for a command takeover in circumstances when the agency

⁹ While there is some overlap in the recommendations, reviewers wanted to address each overarching subject separately.

with the primary responsibility for a particular jurisdiction is overwhelmed and unable to protect its community due to the small size of the agency and mutual aid partners are unable to provide sufficient resources. Combining MFF squads with officers from different agencies can be problematic due to varying use of force policies and tactics. Therefore, a command takeover by a larger agency could prove to be an effective way for an incident to come to a timely resolution. This command takeover would ideally occur prior to a planned protest or event so adequate resources could be staged. However, during spontaneous events the procedures would need to outline how this command takeover could occur smoothly.

2. The MOA with UCLAPD needs to be revised to include more specific language on how requests for assistance for large scale events should occur. Additionally, the MOA should incorporate language about which agency (CHP, LAPD, or LASD) should be the primary entity to assist in large scale events that would clearly or could clearly overwhelm the resources and staffing of UCLAPD.
3. Some of the LAPD resources that responded to the campus appeared to need more guidance on how to navigate the campus. These are resources from all over the City of Los Angeles and they would have benefited from either more clear directions or having a UCLAPD officer accompany each squad. While UCLAPD did not have the resources to handle this incident, it is recommended that at future large incidents on the campus a UCLAPD officer be assigned to each outside entity squad to serve in the role as a pathfinder to assist MFF squad leaders in navigating the campus. This would allow for quicker responses since LAPD could benefit from the insider knowledge of shortcuts on the campus and through buildings.
4. While there is a reason to give a dispersal order early enough to allow protestors to disperse, the dispersal order was given too early on the evening of May 1, 2024. The first dispersal order was given on May 1, 2024, at 5:49 p.m. and the CHP did not begin to clear the encampment until May 2, 2024, at 2:42 a.m. While this may be due to UCLA and CHP policies, this gave the protestors almost nine hours to disperse but it also gave them nine hours to fortify the encampment and plan. It also allowed anticipation to build within the encampment. There needs to be more communication between agencies and perhaps cross-agency training about dispersal orders.
5. The UCLA campus is rather complex with various pathways leading to different portions of the campus. While the plan was crafted by UCLAPD, the LAPD still has a responsibility to ensure a well thought out plan is crafted and communicated to our personnel that covers all the access points and pathways. In this case, although the plan was communicated to LAPD personnel and maps were provided, the frontline supervisors' body worn video shows that they felt rushed to get out on campus and they had some confusion on where they were supposed to go. Moreover, the CHP gave a 15-minute warning and LAPD sent its squads out. The plan called for this to be a dynamic

action, but LAPD squads were left waiting around and wondering when CHP would begin dismantling the encampment.

In reviewing the body worn video for the uses of force, squads of officers can be seen walking through areas where they are surrounded by protestors. It was not clear from reviewing the video what purpose the squads had for being in their position they moved from in the first place. The LAPD's role on the early morning hours of May 2, 2024, was prescribed to be perimeter security while CHP cleared the encampment. The video shows that LAPD squads were moving around from the east side of the encampment to the west side of the encampment over an hour before CHP began to approach the encampment. The CHP was nowhere in sight and the LAPD squads were in the middle of groups of protestors. Understanding that CHP did not follow the timeline indicated in their 15-minute warning, the LAPD MFF squad leaders did not appear to have a clear understanding of their mission. Therefore, it is recommended that the LAPD incident commander and operations chief communicate within their instructions to their MFF leaders an understandable and achievable purpose that allows for flexibility with changing circumstances while re-emphasizing and repeating the plan to ensure comprehension.

B. Internal Reporting for Transparency

6. The LAPD should shift away from paper copies of ICS 211 forms. This allows for double counting of personnel inadvertently entered on multiple forms. Better tracking of personnel will result in better accounting for the costs of an event. This is particularly important when reimbursement is anticipated. If the online ICS 211 system was accessible from the in-car computers or Department issued cell phones, electronic entry of personnel in real time could assist in better tracking of resources. This could also free up personnel assigned to staging and allow them to be assigned elsewhere.
7. Command Staff are often not properly documented on ICS 211 forms as shown in the personnel breakdown in the previous section. This is easily overlooked since Command Staff are salaried employees and there is no obligation for them to report overtime. Therefore, it is recommended that Command Staff arriving at an unusual event be directed to properly check in and ensure that an ICS 211 (either electronically or on paper) is completed to document their attendance at an event for proper accounting of the personnel and costs of an event.
8. Reporting of uses of force during crowd control situations is crucial for transparency and protecting the City from liability. During this series of incidents, the review discovered that even though several uses of force were properly reported on the ICS forms this information never made it to the incident commanders. This caused a delay in the reporting of this information to the Chief of Police resulting in inaccurate reporting to the public of LAPD's involvement on the UCLA campus. Therefore, it is recommended that

all ICS forms be thoroughly reviewed at the conclusion of a major event by Emergency Services Division for accuracy and information gathering. Additionally, it is recommended that ICS forms containing information regarding a use of force be shown to the incident commander or operations chief no later than the demobilization process for accurate reporting up the chain of command.

C. Training

9. New use of force reporting procedures went into effect February 7, 2023, that established reporting of Level III uses of force, which includes uses of force during crowd control situation. Based on this review, it does not appear that this reporting procedure is being followed and some supervisors are relying on the previous reporting procedures instead. Therefore, it is recommended that Training Bureau provide more in-depth training to supervisors on this procedure for reporting Level III uses of force.
10. It is important for a squad of officers to be kept together to ensure that all officers and their activities are accounted for at the end of an event. During this incident, particularly on May 1, 2024, squads were separated so that a few officers could cover other areas. While this may be convenient, it creates problems that cause confusion and risk officer safety. An officer needs to know to whom they report, and a supervisor needs to be in control of their squad. The span of control breaks down when squads are separated. Understanding that there may be exceptions when squads must be broken apart, it is ideal that they remain together. Therefore, it is recommended that MFF leaders and command staff take greater care to keep squads together and recognize the importance of squad integrity for the wellbeing of the officers.
11. At least once during these events, West Los Angeles Division advised Communications Division to not broadcast 911 calls from the community at the UCLA campus and instead give calls to UCLAPD since they are handling their own calls. While this advice may be tempting to decrease radio frequency traffic, it may be more prudent to direct Communications Division to broadcast the calls on the tactical frequency designated for the event. Directing Communications Division to not relay information they would normally broadcast could have contributed to LAPD not understanding the severity of the situation in the protest area.
12. In the body worn video officers can be seen receiving conflicting commands from their squad leaders. At one point, officers can be seen being told to form a line and cover barrier to barrier, moments later they are collapsed by another supervisor, then the first supervisor comes back and yells for them to get back into the line. This is one example of a problem that makes the Department look disorganized.

D. Communication with Law Enforcement Partners and the Community

13. On the day of the encampment dismantling (May 2, 2024), communication between LAPD and CHP appears to have been lacking. While LAPD was set alongside the encampment and waiting for CHP to begin clearing the encampment, CHP did not approach the encampment for over an hour later than expected. The CHP did not follow the agreement set forth in the planning of the incident. This delay caused LAPD personnel to redeploy because they were surrounded. Better communication with CHP may have prevented officers from placing themselves in a position of disadvantage.
14. Due to the numerous 911 calls placed by third party community members that were not present at the events on the UCLA campus, it is recommended that Media Relations Division disseminate information on appropriate use of 911 to the community. When community members call 911 based on what they are watching on television, it delays 911 operators from speaking with individuals involved in personal emergencies.

CONCLUSION

The Los Angeles Police Department is committed to providing quality through continuous improvement and through this report and other critical reviews, the Department seeks to improve on both its strengths and shortcomings and to continue to be an innovative leader in redefining policing. The Department has worked extensively in the past to implement positive change by building relationships with the communities it serves and developing leading initiatives and training within the law enforcement profession. It will continue to do so by embracing the lessons learned in this report.

Addendum 1

MEMORANDUM OF AGREEMENT
BETWEEN
THE LOS ANGELES POLICE DEPARTMENT
AND
THE UNIVERSITY OF CALIFORNIA POLICE DEPARTMENT-
LOS ANGELES

I. PARTIES

This Memorandum of Agreement (hereinafter referred to as "MOA") is made and entered into by and between the City of Los Angeles acting by and through the Chief of Police, Los Angeles Police Department (hereinafter referred to as "LAPD") and the Regents of the University of California, on behalf of its Los Angeles campus, the Chief of Police, University of California Police Department-Los Angeles (hereinafter referred to as "UCLAPD").

II. PURPOSE

This MOA is entered into for the purposes of establishing guidelines and clarifying agency jurisdiction for investigation of Part I violent crimes as mandated by the Kristin Smart Campus Safety Act of 1998 and defining operational responsibilities and working relationships between LAPD and UCLAPD.

WHEREAS, UCLAPD has the operational responsibility for providing police services to the University of California, Los Angeles (UCLA), campus and all properties owned, leased, or controlled by the University and located within the boundaries of the City of Los Angeles; and,

WHEREAS, UCLAPD officers, like all University of California Police Department officers, are sworn State Peace Officers with jurisdiction anywhere in the State, as defined in California Penal Code Section 830.2(b); and,

WHEREAS, Education Code Section 92600 defines the primary jurisdiction of UCLAPD officers as being:

- a. Upon the campuses of the University of California and the area within one mile of the exterior boundaries of each thereof; and
- b. In or about other grounds of property owned, operated, controlled, or administered by the Regents of the University of California and as provided in Section 830.2(b) of the Penal Code; and, _____

WHEREAS, UCLAPD has concurrent jurisdiction with the LAPD on or about property owned and/or controlled by the University of California within boundaries of the City of Los Angeles; and,

WHEREAS, California Education Code Section 67381(c), the Kristin Smart Campus Safety Act of 1998, requires law enforcement agencies to designate operational responsibilities and define specific geographical boundaries of response for investigation of Part I violent crime on campuses and properties controlled by post-secondary institutions such as UCLA; and,

WHEREAS, Education Code Section 67381(i.2) defines Part I violent crimes as willful homicide, forcible rape, robbery, or aggravated assault as defined in the Uniform Crime Reporting Handbook of the Federal Bureau of Investigation; and,

WHEREAS, the California Legislature reaffirms that campuses have primary authority for providing police services, including the investigation of criminal activity;

THEREFORE, the parties agree as follows:

III. POLICIES AND PROCEDURES

A. GENERAL POLICE SERVICES

Except as set forth below, UCLAPD shall have operational responsibility for police services required as a result of incidents occurring on the UCLA campus and other property owned, operated, controlled, or administered by the Regents of the University of California (referred to below as "University Property"), within the boundaries of the City of Los Angeles. University Property shall be listed in Exhibit "A", attached and incorporated by this reference. This does not preclude either from taking action on or off University Property, but merely establishes which agency has operational responsibility.

The UCLAPD will respond to calls for service generated from within one mile of University Property and will respond to LAPD calls for service (when UCLAPD becomes aware of them), in order to assist LAPD units within one mile of University Property. The UCLAPD and LAPD will take courtesy crime reports for crimes that occur within the other's jurisdiction, as defined herein. Courtesy reports will be forwarded to the proper Department, as defined herein, for follow-up investigation.

B. CRIMINAL INVESTIGATIONS

1. Los Angeles Police Department Investigative Responsibilities

The LAPD shall have preliminary and follow-up investigative responsibility for the following crimes:

- Homicide;

- Crimes involving great bodily injury likely to result in death (as determined by UCLAPD);
- UCLAPD Officer-involved shootings with a "hit";
- Crimes that require the response of specialized resources, i.e., the LAPD Bomb Squad, Special Weapons and Tactics (barricaded subjects) as determined by UCLAPD (UCLAPD will retain the preliminary and follow-up investigative responsibility for bomb threats); and,
- Other major crimes, as requested by UCLAPD.

In the above cases where LAPD assumes primary responsibility, a UCLAPD detective will be assigned, as determined by UCLAPD, to assist the LAPD investigative team and to act as a liaison between the two agencies.

2. University of California Police Department-Los Angeles Investigative Responsibilities

The UCLAPD will have responsibility for the preliminary and follow-up investigation of all crimes that occur on University Property and all crimes that occur within one mile of the exterior boundary of the UCLA campus where the victim is a UCLA student, faculty member or employee, other than those enumerated in Section III.B.1 above. Other exceptions will exist where operational necessity requires that LAPD conduct the preliminary and follow-up investigation and will be determined by mutual agreement. Regardless of which agency assumes responsibility for these cases, both agencies agree that they shall provide copies of crimes reports to the other agency.

If UCLAPD conducts the initial investigation of a crime and retains investigative responsibility, a LAPD detective will be assigned, as determined by LAPD, to assist the UCLAPD investigative team and to act as liaison between the two agencies. If LAPD conducts the initial investigation of a crime where UCLAPD has primary responsibility, LAPD will promptly notify UCLAPD. When appropriate, UCLAPD will complete the initial and follow-up investigation. If LAPD conducts the initial investigation of the crime and retains investigative responsibility, a UCLAPD detective will be assigned, as determined by UCLAPD, to assist the LAPD investigative team and to act as a liaison between the two agencies.

C. PUBLIC DEMONSTRATIONS/CIVIL DISOBEDIENCE

The UCLAPD will have the primary responsibility for handling all demonstrations that occur on University Property. The LAPD personnel will respond to assist UCLAPD only when requested by the UCLA Chief of Police or his/her representative. If LAPD personnel respond, they will remain under the command of LAPD supervisors at all times. Both the LAPD and UCLAPD personnel will accept missions as directed by the Incident Commander or Unified Incident Commanders under the provisions of the Incident Command System. The make-up of any Unified Command involving a demonstration on University Property shall include the UCLAPD Chief of Police or his/her representative. The LAPD Incident Commanders will accept missions under the provisions of the Incident

Command System, in consultation with the UCLAPD Chief of Police or his/her representative. The UCLAPD will respond to requests for assistance from LAPD at demonstrations within one mile of University Property. In that event, UCLAPD will accept missions from the LAPD Field Commander, but UCLAPD personnel will remain under the command of UCLAPD supervisors at all times.

The UCLAPD and LAPD will provide timely information to each other when either becomes aware of any events that are planned within their respective jurisdictions that have the potential for effecting the other Department.

D. UNUSUAL OCCURRENCES (HOMELAND SECURITY)

1. Definitions

For the purposes of this portion of the MOA, the following terms are defined:

- A. "Unusual Occurrence" is defined as an emergency incident or situation, that has occurred, is occurring or will occur in the immediate future, that poses a major threat to public safety and causes or threatens to cause loss of life, serious injury, significant damage to property, or major harm to public health or the environment, as a result of an occurrence or imminent threat of widespread or severe damage or loss of life or property, resulting from a natural, technological, or man-made emergency situation, and which UCLAPD has declared as being beyond the capabilities of its resources to effectively resolve.
- B. "Providing Agency" is defined as the party that furnishes, or is requested to furnish, assistance under the terms of this MOA.
- C. "Receiving Agency" is defined as the party that requests or receives assistance under the terms of this MOA.

2. Incident Command System

Both parties agree to use the Incident Command System (ICS) in resolving emergency incidents. The ICS requires a standardized on-scene emergency management chain of command process during an incident that applies to all response personnel from multiple disciplines, response agencies and/or jurisdictions. The ICS is used to centralize control of the facilities, equipment, personnel, procedures, and communications resources or multiple jurisdictions and functional agencies, both public and private, under a common organizational structure and mobilize such resources to best respond to the emergency incident.

3. Unified Incident Command System

The parties agree that the Receiving Agency shall utilize a standard ICS, to the greatest extent possible, for an emergency requiring mutual aid assistance under the MOA. The Receiving Agency's ICS shall be consistent with the concepts and principles of the National Incident Command System (NIMS) developed by the U.S. Department of Homeland Security and the California Standardized Emergency Management System (SEMS). The parties agree that the Receiving Agency's responders must allow for Unified Command (UC) to provide the most efficient and effective means for communication between and coordination of personnel and resources that are deployed:

- By various agencies and jurisdiction at the Federal, State, and Local levels;
- To an emergency occurring in two or more jurisdictions; or,
- To an emergency occurring near the geographic boundary between two or more jurisdictions.

Utilization of UC and the ICS shall not be interpreted as increasing or decreasing the authority, responsibility, and accountability inherent to either party under the terms of this MOA.

4. Providing Assistance

No party is required to provide assistance under this MOA unless they determine that they have sufficient resources to do so. The parties agree that when an authorized representative of the Receiving Agency contacts an authorized representative of the Providing Agency, the Providing Agency will assess its local emergency response agencies' resources to determine the availability of requested personnel, equipment, and other assistance. The Providing Agency agrees to communicate information about the availability of resources to the Receiving Agency as soon as possible and no later than 24 hours from initial contact.

5. State and Federal Assistance

Unless otherwise agreed to by the Providing Agency, the Receiving Agency shall be responsible for coordinating all requests for assistance to local, State, or Federal authorities.

6. Documentation for Federal Emergency Management Agency (FEMA) Reimbursement

All parties agree that Receiving and Providing Agencies shall keep detailed records of the services requested and received, and provide those records as part of the supporting documentation for reimbursement requests.

All parties agree that the Receiving Agency shall, upon request, provide a written and signed certification that documents the types and extent of mutual aid assistance requested and received in the performance of eligible emergency work, including the labor and equipment rates used to determine the mutual aid cost reimbursement request.

E. REQUESTS FOR ASSISTANCE

A request for assistance shall be made through presently established radio and telephone communication procedures. Receipt of a request for assistance shall be immediately acknowledged. The UCLAPD and LAPD shall deploy officers and Departmental resources in accordance with the terms of this MOA consistent with respective department policies.

IV. SUPPLEMENTAL PROVISIONS

A. STATISTICAL REPORTING OF CRIME

The UCLAPD and LAPD will share crime data on a periodic basis, as requested. On a mutually agreed basis, UCLAPD and LAPD will periodically meet and discuss crime/date trends or other problems/solutions of mutual concern.

B. RELATIONS TO OTHER LAWS AND SEVERABILITY

The parties agree that the MOA is subject to all federal, state and local laws, the Los Angeles City Charter, and applicable rules and regulations. If any provision of the MOA is in conflict or is inconsistent with said law and/or judgement, the remainder of the MOA will not be affected, unless it materially undermines the MOA as a whole.

C. MUTUAL INDEMNIFICATION

The UCLAPD hereby agrees to defend, indemnify, and hold LAPD, its officers, agents, and employees harmless from and against any and all liability, claims, awards, lawsuits, damages, losses of any kind, and expenses, including but not limited to, reasonable attorney's fees and court costs, arising out of UCLAPD's performance of the MOA, but only in proportion to, and to the extent that any and all such claims, awards, lawsuits, damages, losses, and expenses, including but not limited to, reasonable attorney's fees and court costs are caused by or result from the acts or omissions of UCLAPD, its officers, agents, or employees.

The LAPD hereby agrees to defend, indemnify, and hold UCLAPD, its officers, agents, and employees harmless from and against any and all liability, claims, awards, lawsuits, damages, losses of any kind, and expenses, including but not limited to, reasonable attorney's fees and court costs, arising out of LAPD's performance of the MOA, but only in proportion to, and to the extent that any and all such claims, awards, lawsuits, damages, losses, and expenses, including but not limited to, reasonable attorney's fees and court costs are caused by or result from the acts or omissions of LAPD, its officers, agents, or employees.

V. TERM

The term of this MOA shall commence July 1, 2017, at 0001 hours, and shall expire on June 30, 2022, at 2400 hours, unless terminated earlier. Unless written notice of non-extension is provided to one party by the other, of not less than ninety (90) days prior to June 30, 2022, the MOA shall be automatically extended for a one-year term commencing on July 1, 2022 and any subsequent years, subject to the same terms and conditions.

VI. NOTICE

Written notice concerning the termination of the MOA will be given by registered or certified mail and forwarded to the following addresses:

ADDENDUM 3

DETAILED CHRONOLOGY

This chronology is a combination of incident summaries, notes from involved personnel, review of a portion of the Body Worn Video, log kept at Command post, and interviews of personnel. The information captured in these different formats did not align perfectly. All times should be considered approximate based on the best reconciliation of all the information available to the reviewers.

When possible, we have attributed communications mentioned in this chronology to the appropriate individual responsible. However, at times, the source documentation lacked complete information and therefore no individual is referenced as receiving or sending the information.

Thursday, April 25, 2024 - Encampment begins

- 5:00 a.m. - Chief Thomas texts Commander Lurie and Commander Tom to let them know that tents were being set up on campus, and UCLA “may need some assistance as the day progresses.”

Friday, April 26, 2024 – Encampment remains

- 7:46 p.m. – Group text among pertinent LAPD Command Staff regarding the counter-protest.
- 7:54 p.m. – Commander Lurie texts Commander Tom that Chief Thomas was advised on the planned counter-protest.

Saturday, April 27, 2024 – Encampment remains

- 6:00 p.m. – Chief Thomas calls Commander Lurie asking to have an MFF on standby. Commander Lurie asks him to do a formal mutual aid request since UCLA is outside LAPD’s mutual aid jurisdiction. Commander Lurie advises Chief Woodyard.
- 6:39 p.m. – Chief Choi approves two MFF squads to stand by near UCLA. Chief Thomas advised that Beverly Hills Police Department, Culver City Police Department, and Santa Monica Police Department are providing MFF squads as well. Chief Thomas tells Commander Lurie that LAPD would be a last resort.
- 7:00 p.m. – The West Los Angeles Gang Enforcement Detail is placed on standby for the UCLA protest.

Sunday, April 28, 2024 – Day of planned counter-protest

- 7:53 a.m. – Chief Thomas texts group of other law enforcement agencies, including LAPD, LASD, and CHP, that a group of “Support the Intifada Movement” is building.
